MOTORIZED SHADE SYSTEMS

ELEVATED OUTDOOR LIVING

TEMPLAR SCREENS

Enjoy your outdoors in style with a Templar Screens Motorized Shade. Lounge in the fresh air without unbearable heat, keep bugs out, and experience true privacy and peace of mind. With a Templar Screens system, you can experience paradise without ever leaving your backyard.

FEATURES & OPTIONS

- Supports widths of up to 25 feet with 3 headbox sizes
- 14 core powdercoat colors and custom RALs on request
- Fabric for every occasion—from breezy mesh to heavy duty vinyl
- Sturdy side track system capable of withstanding 80 MPH winds
- Side retention options suitable for every opening: zipper side tracks, cable, recessed, or no retention

We understand there is no room for compromising when it comes to your home. Each Templar Screens unit is made to order to your exact specifications. With endless customization options and expert installation, our system is guaranteed to exceed your expectations.

Our screens are multi-functional; one of the best attributes of a motorized system is that it can be configured for a specific usage or a combination of many. Our sleek, durable system can be flawlessly applied to your home for any application. Whether you're looking for weather protection, bug screens, or privacy, we've got you covered.

PRIVACY SCREENS

PROTECT YOUR VIEW

With our multi-functional system, you can keep the sun, pests, and prying eyes at bay while preserving your view as if the screen isn't there. Even with our heavy-duty mesh fabrics, you'll still enjoy a clear, picturesque view. Outdoor living has never been easier.

Choose from our 14 tried and true core colors in both smooth or textured finishes, or opt for a custom RAL for extra pizzazz and a perfect color match. Naturally UV resistant and made to last, Templar Screens powder coat adds both durability and style to your screen system. For maximum quality control, we perform a crosshatch adhesion test on each unit and provide the results to your authorized dealer.

FABRIC FOR EVERY OCCASION

We are proud to offer high-quality fabric from the world's best suppliers. With over 200 options from Twitchell, Serge Ferrari, Mermet, and more, we have a durable fabric that will work perfectly for your needs. Choose a low openness level to let in a breeze and keep bugs away, or opt for a high openness mesh for sun protection and worry-free privacy.
